

## **Golf Association News and Information**

The Cypresswood Ladies' Golf Association finishes their season in April! The ladies have had an outstanding season. It was great to see the number of players increase steadily throughout the season. The new 9 hole part of the association was an early success and I expect it to grow next fall. As a reminder, all you need is a golf membership or a Cypresswood Discount Card to be part of this fun group. I hope that all of the ladies will continue to play throughout the summer. 9 holes a couple of times a week is a great way to spend part of your day during the hot months of the year.
